

EXHIBIT A:

THE DEFAMATORY WEBSITES AS OF JANUARY 28, 2021

Boycott Lyceum Cinemas in Red Hook, NY

Let's show Al Bulay: Hate has no home here!

Theater chain owner Al Bulay (a Warren County resident) has a long history of public and unapologetic anti-semitic, racist, misogynist and anti-LGBT behavior. (see testimonials below) He uses his theaters to attack some local leaders and support others, politicizing his business and spending our ticket money for his own hateful political agendas.

In early 2020, he refused to abide by the state's closure rules during the Covid-19 pandemic, launching baseless political attacks blaming town leaders after the state refused his waiver request. As a result, community members who had witnessed his behavior spoke out and vowed not to patronize his establishment again.

Bulay deletes any comments critical of his behavior from his Facebook pages so we're saving some here. This site is to permanently memorialize his behavior so patrons can be fully aware of where their money is going when they patronize one of Al Bulay's theaters. **Hate has no home here** is not just slogan.

Doesn't anyone remember the outrage about Spike Lee movies? That's when the owner publicly doubled down on racism and homophobia and our family stopped supporting them. About 20 years ago. They have a history. -G.F.

[We] have only gone there a couple of times when the other theaters were closed... we were standing in line behind a group of young teens. They were joined in line by another young man (which did not bother us at all). But, from behind the ticket counter something like 'no cutting in line you spick.' We left immediately. -M.S.
